BLANKETS

Fire Blankets

A range of top quality slim fire blankets. Suitable for smothering and extinguishing fires in homes, kitchens, schools, hospitals, laboratories, offices and factories.

Fire blankets offer a number of advantages over other blankets commonly available:

- 12 months warranty.
- 200 gram cloth ensures flexibility and drapability.
- The suppleness and strength of the blanket. offers user confidence as it is well insulated, yet easily drapes over the fire.
- Full traceability through individual blanket batch numbering.
- Flush end caps for easy cleaning.
- Hinged cap with security seal option to avoid blankets being tampered with.
- Production is made under a quality management system ISO 9001:2000 ensuring strict quality control procedures are met.
- All blankets comply with BS EN 1869:1997 and are kitemarked.

Description	Part Number
1.0m x 1.0m slim pack – red	81/02332
1.2m x 1.2m slim pack – red	81/02338
1.8m x 1.2m slim pack – red	81/02344

CABINETS

Hinged Door Cabinets

A choice of single and double hinged cabinets made from tough new ABS and PE plastics. Traditional GRP cabinets are also still available if preferred.

ABS/Polyurethane Cabinets

- Environmentally friendly – manufactured from recyclable or recycled materials.
- Consistent, smooth finish (internal and external).
- Will not chip or crack.
- Easily transportable.
- Innovative design and manufacturing process.
- Higher impact strength than GRP.
- Hygienic – suitable for food preparation and clinical environments (unlike GRP).
- Suitable for wall or post mounting.
- Toggle clamp closure mechanism.

GRP Cabinets

- Specially designed base to give safe, two-handed removal of extinguisher.
- Polyimide wing closure.
- Corrosion resistant construction.
- High-gloss finish.
- Suitable for wall or post mounting.

Ref	Description	Part Number
A	Single cabinet – ABS	81/00791
	Double cabinet – ABS	81/00861
B	Single cabinet – GRP	46/54653
	Double cabinet – GRP	46/54654
C	Single – Clear front	81/02811
C	Double – Clear front	81/02812
All the above are not suitable for 5kg CO2 Extinguishers		
A	Single cabinet for 5kg CO2 Ext – ABS	81/02239

Vehicle Extinguisher Cabinet

A choice of vehicle extinguisher cabinets made from polyethylene.

Polyethylene Cabinet

- Shatterproof and lightweight design.
- Incorporates 4 x M8 encapsulated T nuts.

Description	Part Number
* Vehicle extinguisher cabinet for 9kg Extinguisher – H750 x W300 x D270mm	81/00870
* Vehicle extinguisher cabinet for 6kg Extinguisher – H650 x W240 x D240mm	81/00792
* These do not include a fixing kit – please order separately	
Fixing kit for vehicle cabinet – 30/60 degree angle mounting	81/02053
Fixing kit for vehicle cabinet – horizontal mounting	81/02327

Hose Reel Rigid Cover

- Manufactured in red glass-reinforced polyester resin (GRP).
- Suitable for rear-mounted fixed and swinging hose reels (fixings not supplied).
- Lift-off-front for easy access to hose reel.
- Designed for use in harsh environmental conditions.
- H570mm x W600mm x D260mm.

Description	Part Number
Hose Reel Rigid Cover	81/00247

Hose Cradle

- Manufactured in red glass-reinforced polyester resin.
- Can be mounted in cabinets or to walls. (fixings not supplied)

Description	Part Number
Hose Cradle	46/54225

COVERS

Extinguisher Covers

- Manufactured from PVC.
- Clear viewing port.
- Ideal protection in harsh environments.
- Designed for rapid removal.

Description	Part Number
Red 20" x 11" extinguisher cover	81/00107
Red 24" x 11" extinguisher cover	81/00108

Hose Reel Cover

- Manufactured from strengthened PVC.
- Ideal protection in harsh environments.
- Designed for rapid removal.

Description	Part Number
Red hose reel flexible cover	46/57354

STANDS

Extinguisher Stands - GRP

A prestige range of fire extinguisher stands.

- High-gloss finish.
- Single and double versions.

Description	Part Number
Single stand – red	81/02405
Single stand – grey	81/02406
Double stand – red	81/02407
Double stand – grey	81/02408

Extinguisher Stands - Moulded Plastic

Description	Part Number
Single stand – red	81/02743
Double stand – red	81/02744

Extinguisher Fire Points

- Manufactured from plastic ABS.
- Will not chip or crack.
- Higher impact strength than GRP.

Description	Part Number
Single fire point	46/57357
Double fire point	46/57358

MOBILE FIRE POINTS

Double / Triple

A choice of mobile fire points, ideal for moving firefighting equipment close to the source of a fire.

- Chassis fabricated from mild steel square tube.
- Epoxy polyester powder paint finish in red.
- Nylon wheels with rubber tread for ease of movement.
- Ideal for petrol station forecourts.

Description	Part Number
To hold two fire extinguishers and one fire bucket	81/00212
To hold three fire extinguishers and two fire buckets	46/57049
To hold two fire extinguishers, and a fire bucket, complete with bell	46/57815

ESCAPE BOLTS, KEYS AND LATCHES

Redlam Panic Bolts

Manufactured from cast aluminium, Redlam panic bolts are the economical solution to the problem of providing reliable security for internal emergency exits.

Mark I

Designed for emergency exit single doors. Breaking the Ceramtube™ results in the bolt sliding back automatically and unlocking the door.

Mark II

Designed for interconnecting emergency exit doors. Operates on one side of the door by breaking the Ceramtube™ and on the other side of the door by pushing the knob.

Both versions are supplied complete with hammer and chain. Padlocks and 'To open break tube' signs are available separately. Use of an optional padlock prevents unauthorised removal of Ceramtube™ without breaking the tube itself.

Ceramtube™

Replacement cartridges for both Mk I and Mk II Redlam panic bolts. Designed to produce no sharp edges when smashed. Packed in boxes of twenty.

Description	Part Number
Mk I Panic bolt	46/32207
Mk II Panic bolt	46/32951
Keeper plate (spare)	46/33070
Hammer and chain (spare)	39/51921
Ceramtube™ (box of 20)	46/57050
Padlock (anti-tamper)	46/54457

Key Box and Glasses

- Manufactured from durable ABS plastic.
- Unique 'snap fit' design.
- Mk I key box supplied complete with printed glass.
- Spare glass for Mk II key box can also be supplied.

Ref	Description	Part Number
A	Mk I key box	46/54280
B	Hammer and chain	39/51921
	Spare glass for Mk I key box	46/27218
	Spare glass for Mk II key	46/57345

Panic Latch

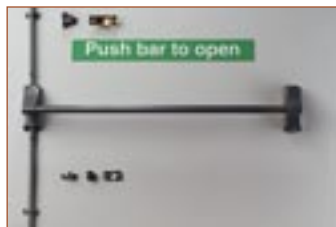

Incorporates a robust rectangular section, steel cross arm with downward thrust action, giving added strength, ease of operation and an attractive appearance.

- Manufactured primarily from Mazak Alloy to BS 1004A.
- Finished in dark metallic grey.
- Surface mounted.
- Supplied with full fixing instructions.
- Can be converted for right or left hand operation.

Description	Part Number
Panic latch	46/57615

Single and Double Door Panic Latch/Bolt

- Conforms to BS 5725 part 1.
- Specified and approved by fire officers and local authorities.
- Anti-thrust device prevents upward leverage of the bottom shoot, providing increased security.
- Triple action device fitted to the top shoot keeps the shoots withdrawn when the door is open and automatically releases them when the door is closed.
- Surface mounted – fixing instructions supplied.
- Manufactured from cast iron with steel tubes, brass follower and extruded aluminium guides.
- Finished in dark metallic grey.

Description	Part Number
Single door panic latch/bolt	46/60145
Double door panic latch/bolt	46/61564

Acoustic Fire Door Release Device

Dorgard is an acoustically activated fire door release device. Dorgard can hold fire doors open in any position and release them automatically should a fire alarm sound.

- Manufactured and tested in accordance with BS EN 1155.
- Accepted by Chief Fire Officers Association (CFOA).
- Endorsed by the National Care Homes Association.
- Designed in line with the Disability Discrimination Act.

Description	Part Number
Dorgard Auto release - black	81/02781
Other colours available on request, subject to lead times.	

Escape Ladders 15 and 25 feet

Steel escape ladders, intended for domestic use only.

- Suitable for two and three storey buildings.
- Unique 'tangle-free' design.
- Fully assembled.
- Quickly attached to window for easy escape.
- White coating to prevent corrosion.

Description	Part Number
Escape ladder – 15 foot	46/6355
Escape ladder – 25 foot	46/6430

Rotary Hand Alarm Bell

- Ideal for outside locations such as caravan sites
- Bell sounds 60dB alarm up to 35 metres
- Die-cast aluminium dome, powder coated red
- Base plate die-cast aluminium
- Pre-drilled flange for fast and easy mounting (fixings not included)
- Weight 1.8 kg, overall diameter 280mm, depth 135mm

Description	Part Number
Rotary Hand Alarm Bell	42/57030

Fire Buckets

Metal and Plastic

- Suitable for garage forecourt protection and clearing up spillages.
- Metal buckets are epoxy polyester powder painted in red.
- 'Fire' label supplied loose with metal bucket.
- Lids for both buckets are supplied separately.
- Wall-mounting bracket suitable for metal and plastic buckets.

Ref	Description	Part Number
A	Metal flat bottom	3745/00
B	Metal lid for 3745/00	3747/00
C	Plastic 2 gallon 'D' type	3745/01
D	Plastic lid for 3745/01	3747/01
E	Wall mounting bracket	3749/00

First Aid Kits

A comprehensive range of first aid kits that are fully compliant with the Approved Code of Practice and the Health and Safety Executive.

Description	Part Number
1 to 10 persons	81/02807
1 to 20 persons	81/02808
1 to 50 persons	81/02809

Home/Car Guard Extinguishers

Stored Pressure Multi-Purpose

- Ideal for the home, car, boat, caravan or garage.
- Now comes complete with wire bracket.
- Safe for most household fire types including electrical fires (not suitable for cooking fat fires).
- High grade nickel plated brass valve assembly ensures reliability and optimizes efficiency whilst being protected from corrosion.
- Coated steel levers built to withstand the hardest knocks.
- 14 bar working pressure for maximum fire fighting performance gives greater application reach ensuring user safety.
- Long drawn high grade steel body shell for optimum strength.
- Polyester external coating adds extra protection to withstand extreme temperatures, dirty environments and UV degradation.
- Precision built mechanical pressure gauge provides a very accurate indication of extinguisher's pressure status.
- Approved to the Pressure Equipment Directive.
- CE marked and kitemarked.

Type	Powder 1kg	Powder 2kg
