Quantec Master Infrared Ceiling Receiver (Round Version)

Part No. **QT302RXR**

- An unobtrusive white round version of our Quantec Master Ceiling Receiver.
- Designed to accept infrared calls from compatible Quantec staff attack transmitters, patient neck/wrist pendants and staff attendance pendants.
- Typically used in bedrooms, corridors, common rooms and any other area requiring infrared coverage.
- Include a red confidence light.
- Typical 10m line of sight receiving range.
- Up to three QT302RXRS slave receivers can be connected to a master ceiling receiver to increase IR coverage.

- Optional QT848/10 locking kit, complete with 10 grub screws and Allen key, also available.
