

## Powermax Control Panels

Powermax Plus	Product Part Numbers		Battery P/N 0-9912-L
	0-100459	0-100498	 9.6v 2.2Aph 8 cell battery pack
	0-100535	0-5466-8	
	0-100605		
	Other Comments:		

Powermax Pro	Product Part Numbers		Battery	P/N 0-9912-G
	0-100318	0-100319		9.6v 1.8Aph 8 cell battery pack
	0-100953	0-101131		
	0-100714			
	Other Comments: Powermax Pro will accept up two battery packs			

Pmax Complete		Product Part Numbers	Battery	P/N 103-301179
	0-100973/4/5	0-100976		7.2v 1.3Aph 6 cell battery pack
	0-101418			
Other Comments: Will also accept 9.6v battery 0-9912-G. Battery option in define panel must be changed				

**Lithium Batteries—You Need to Know**, we design our circuits for specific batteries types. Using other versions may save money, or be available quickly, but could result in return visits even after just a few weeks of installation.

**Don't take chances**, for all products with lithium batteries use only the versions recommended by Visonic.
