# SurfaceBox [55]

Surface mounting box  
for one LightSwitch or Outlet device

SurfaceBox [55] is designed for surface mounting of Ajax light switches and outlets when it is difficult or impractical to embed devices directly in the wall. The box perfectly matches the color and shape of LightSwitch and Outlet devices, creating a coherent look that complements any interior.

Compatible with all Ajax light switches and outlets<sup>1</sup>

Compact design identical to the LightSwitch and Outlet eight-color palette<sup>2</sup>

Suitable for installation on various surfaces

Effortless mounting with no need for in-wall installation

## Versatile installation with prepared fixing points

For wall mounting

For wiring

SurfaceBox [55] is sold separately from LightSwitch and Outlet devices.
